Hello! I am...

# MICHELLE NAPOLITANO WEHR

FULL STACK DEVELOPER

ABOUT ME

Greetings from Connecticut! I am Michelle, mother, student, and developer. I am currently enrolled in Uconn's School of Engineering Coding Bootcamp, while also completing my bachelor's degree in sociology from Eastern Connecticut State University. I am highly driven and very passionate towards my future in coding. My three daughters add to my motivation and with their help, I have mastered the fine art of multi-tasking. Ever hosted a teaparty while working on a javascript project? I have!

MY WORK

Randomized Dinner Selector
